

NATHANIEL SALAZAR

nathanielsal86@gmail.com | (956) 292-9125 | Edinburg, Texas

EDUCATION

The University of Texas Rio Grande Valley (UTRGV)

Expected Graduation: December 2026

Bachelors of Science in Computer Science

Overall GPA: 3.69

Relevant Course work: Digital forensics, Networks, Database Design and Implementation

The University of Texas Pan American (UTPA)

December 2011

Bachelors of Fine Art in Graphic Design

Relevant Course Work: Color Theory, and Typography

EXPERIENCE

Sedgwick | Remote Care Team Representative | Dec 2024 – Present

- Managed 100+ high-stress customer interactions daily, de-escalating 90% of conflicts without further escalation.
- Resolved 99% customer complaints per week, achieving a 96% customer satisfaction (CSAT) score and contributing to a 95% improvement in customer retention metrics

AT&T | Sales Associate | Edinburg, TX | Sep 2022 – Dec 2024

- Managed \$1200+ in daily cash transactions, maintaining a 100% accurate cash drawer for 36 consecutive months.
- Educated 10+ customers daily on devices and service plans, achieving a 59% upsell conversion rate and contributing to an 85% increase in-store plan upgrades and recognized as a top performer for consistently exceeding performance goals by 30% for 5 consecutive quarters.

UTRGV | Emergency Communications Operator | Edinburg, TX | Apr 2016 – Dec 2022

- Fostered cohesion within a 4-person operator team, implementing a new handoff process that reduced shift transition errors by 99%.
- Displayed adaptability by managing an average of 60 emergency and non-emergency calls per shift, including coordinating responses during 8 large-scale campus events. Including high profile visitors (i.e politicians).
- Maintained operational readiness by completing 45+ hours of annual training and holding TCOLE and EMD certifications.

PROJECTS

IDS - Intrusion Detection System

Spring 2025

Class Project - <https://github.com/viznate/ids-flask-sniffer>

- Developed a Python-based Intrusion Detection System (IDS) using Scapy and Flask to detect and visualize real-time port scan activity.
- Built a browser-based dashboard with auto-refreshing, color-coded alerts, and external IP flagging to enhance usability.
- Deployed and tested across local and cloud environments (Azure VM), creating a scalable, beginner-friendly foundation for future cybersecurity projects.

Interactive Website/Portfolio

Fall 2025

Personal Project - <https://github.com/viznate/viznate.github.io>

- Designed and developed a dynamic, terminal-themed portfolio website to showcase personal projects, skills, and resume.

- Engineered core terminal functionality using JavaScript to simulate a command-line interface, accepting commands like ‘about’, ‘projects’, and ‘resume’.
- Implemented a ‘resume’ command that includes an option for users to download a PDF version of the resume.
- Built with HTML5, JavaScript, and styled with Tailwind CSS and Font Awesome for modern, responsive, and authentic terminal aesthetic.

ACTIVITIES & ACHIEVEMENTS

DSAA - Data Structures and Algorithms Architects, Member – Edinburg, TX | Spring 2024 - Present

- Weekly meetings with coding practice and discussions.
- Learn common problem-solving patterns step by step.
- Build confidence for technical interviews and classes.

Frontera Debs, Member – Edinburg, TX | Spring 2024 - Present

- Participated in Hackathons focused on sustainability with 2 other team mates.
- Built a quick website to showcase recycling centers around the Rio Grande Valley
- GitHub Repo - <https://github.com/JorgeAcuna1011/My-Green-RGV>

DoD (Department of Defense) Cyber Sentinel Challenge Participant | July 2025

- Placed 333rd out of 2,015 participants in this prestigious Department of Defense Cybersecurity competition.
- Demonstrated strong proficiency in cybersecurity techniques and problem-solving under pressure.

Tata Cybersecurity Security Analyst Job Simulation on Forge | January 2026

- Completed a job simulation involving identity and access management (IAM) for Tata Consultancy Services, collaborating with a Cybersecurity Consulting team.
- Acquired expertise in IAM principles, cybersecurity best practices, and strategic alignment with business objectives.
- Delivered comprehensive documentation and presentations, showcasing the ability to communicate complex technical concepts effectively.

ADDITIONAL SKILLS

Technical Skills: Linux (Kali), Python, some C++ & Wireshark, GitHub: <https://github.com/viznate>

Certifications & Training: Google Cyber Security Certificate, First Aid Certification, CPR/AED Certification

Languages: Fluent in English and Spanish
